

INVESTOR PRESENTATION

January 2025

This presentation may contain forward-looking statements with respect to Killam Apartment REIT ("Killam") and its operations, strategy, financial performance and condition. These statements generally can be identified by use of forward-looking words such as "may", "will", "expect", "estimate", "anticipate", "intends", "believe" or "continue", "maintain", "target" or the negative thereof or similar variations. The actual results and performance of Killam discussed herein could differ materially from those expressed or implied by such statements. Such statements are qualified in their entirety by the inherent risks and uncertainties surrounding future expectations. Important factors that could cause actual results to differ materially from expectations include, among other things the effectiveness of measures intended to mitigate impacts thereof; competition; global, national and regional economic conditions including inflationary pressures; and the availability of capital to fund further investments in Killam's business and the factors described under "Risk Factors" in Killam's Annual Information Form, Killam's Management's Discussion and Analysis for the period ended September 30, 2024, and other securities regulatory filings made by Killam from time to time. The cautionary statements gualify all forward-looking statements attributable to Killam and persons acting on its behalf. All forward-looking statements in this presentation speak only as of the date to which this presentation refers, and Killam does not intend to update or revise any such statements, unless otherwise required by applicable securities laws.

UPCOMING DEVELOPMENT PIPELINE

Demolition of the vacant commercial building on site has started. The Wissler development is a 128-unit apartment adjacent to Killam's Northfield Gardens in Waterloo, ON.

Victoria Gardens is a multi-phase development opportunity in Halifax, NS. Phase 1 will comprise of 95 units to be built on a vacant parcel within the 10-acre site, resulting in minimal disruption to existing tenants.

UPCOMING DEVELOPMENT: NOLAN HILL 3

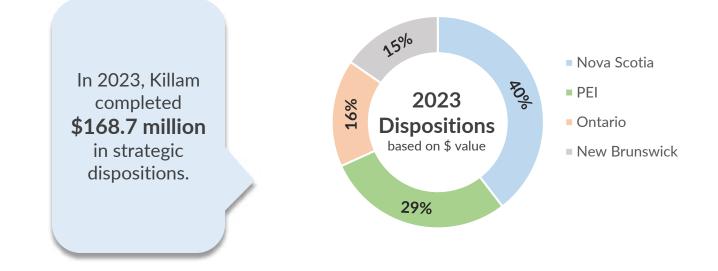

Nolan Hill Phase 3 is the third phase of a multi-phase development in Calgary, AB. These two towers will comprise 296 units. The development includes a clubhouse with a fitness center, indoor court, and amenity room for the Nolan Hill community.

GEOGRAPHIC REPOSITIONING THROUGH DISPOSITIONS

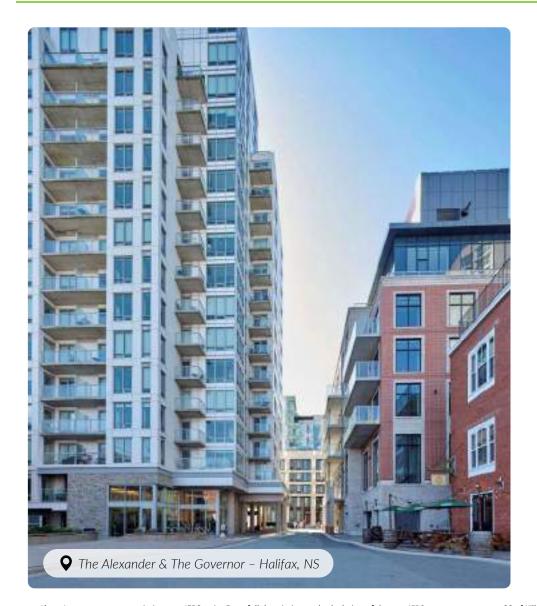

Recycling capital, divesting of slow growth assets and lower yielding assets, while focusing on Killam's development program and strengthening its balance sheet are key components of Killam's strategy.

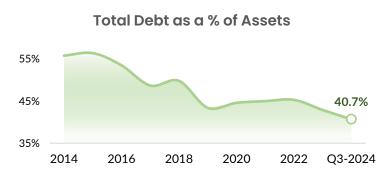

2024 Dispositions

Property	Location	Disposition Date	Sale Price (\$ 000's)	Units

COMMITMENT TO GREEN

Killam APARTMENT REIT

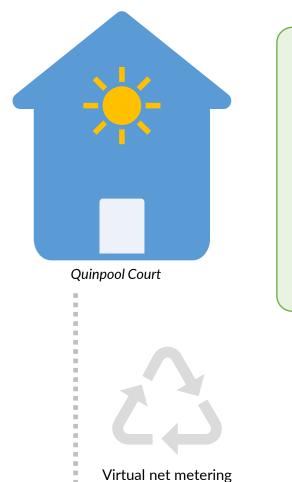

Killam successfully completed its 6th annual GRESB submission

Killam's PV solar project in Kitchener, ON

INVESTING IN RENEWABLE ENERGY

K Killam

In November 2024, Killam will be installing its first virtual net metering solar panel project at Quinpool Court in Halifax, NS. This will allow the surplus energy⁽¹⁾ generated to be transferred to its neighboring property, Quinpool Tower.

Quinpool Tower

As at September 30, 2024

Solar Panel Installations	22 sites	
Annual Energy Production Capacity	2,100 MWh	
Operationally-controlled electricity produced through renewable sources	5.4%	

.

In 2024, Killam is expected to save an estimated \$230,000 in energy costs from our solar projects, resulting in an average ROI of 6.5%.

Westmount Place is home to our largest PV solar array with an estimated annual production of 453,000 kWh/year.

Killam generates revenue through the sale of this energy to our commercial tenant, who purchases our solar energy through a submetering company.

In 2024, this array is expected to produce 460,000 kWh, yielding \$53,000 in revenue from the sale of electricity to our commercial tenant.

Killam's 2023 ESG Report was released in June 2024. Highlights from the year include the following:

Environmental

Renewable Energy Installed photovoltaic (PV) panels at 6 additional properties, bringing the total number of systems to 23

Green Lease Implemented a sustainability lease addendum across all multi-unit residential properties

Social

Affordability Contributed \$2.5 million in affordability assistance

Giving Donated \$415K to our communities

Diversity and Inclusion

Completed 910 hours of diversity and inclusion training

12

Stakeholder Satisfaction

Scored 87% on our annual Resident Satisfaction Survey and 81% on our annual Employee Engagement Survey

Governance

Executive Compensation Introduced ESG targets into executive compensation plans

Disclosure

Achieved an A-rating on the GRESB Public Disclosure Survey and recognized on Sustainalytics' Regional Top-Rated Companies List

Cybersecurity

Implemented a new email security gateway to enhance the security of our IT environment

Supplier Engagement

Released our Supplier Code of Conduct and shared it with active vendors

Building Certifications

Certified 14 additional properties under the CRBP, bringing the total number of certified properties to 33

Electric Vehicle Chargers

Installed 255 additional EV chargers across 35 buildings, bringing the total number of chargers to 401 across 57 buildings

LONG-TERM ESG TARGETS

Environmental

- Reduce GHG emissions 15% by 2030.⁽¹⁾
- Reduce carbon intensity 15% by 2030.⁽²⁾
- Produce a minimum of 10% of operationally controlled electricity consumed by our portfolio through renewable energy sources by 2025.
- Pursue green building health and operating certifications across a minimum of 50% of Killam's portfolio by 2025.
- Invest a minimum of \$50M in energy-efficiency projects by 2030.⁽³⁾

- Donate \$3M to our communities by 2030.⁽³⁾
- Maintain a score above 80% for diversity and inclusionrelated questions on our annual Employee Engagement Survey.
- Maintain resident satisfaction score above 85% annually.
- Maintain employee satisfaction score above 80% annually.

Governance

- Continue to participate in the GRESB survey annually, targeting a minimum increase of 5% each year to reach a 4-star ranking by 2025.
- Maintain a minimum of 30% female representation on the Executive Team.
- Maintain a minimum of 30% female representation on the Board of Trustees.

¹⁾ Scope 1 and 2 emissions from 2020 levels, based on a like-for-like portfolio.

²⁾ From 2020 levels.

³⁾ Community donations calculated as the sum of market value of suite donations, employee volunteer hours, cash donations, and Trustee donations for the period January 1, 2023 to December 31, 2030.

AFFORDABILITY AND VALUE DELIVERY

Killam delivers affordable, safe, clean and highquality housing to our residents across Canada:

- Almost 40% of Killam's portfolio rents for less than \$1,250 per month.
- Average rent is ~\$1.75 per SF across the portfolio.
- Killam supports affordable housing with more than 950 suites protected as long-term affordable units through community & government partnerships and programs.
- 65% of Killam's portfolio meets CMHC's affordability threshold of monthly rent being less than 30% local median household income. ⁽¹⁾
- Killam's portfolio offers affordable units across all regions.
- Ensure we provide our residents with exceptional service, and they are happy with their Killam home.

2023 Resident Survey Results⁽²⁾

(1) Calculation based on Killam's Q3-2024 average rent by province, and provincial income statistics for "economic families and persons not in economic family" (2022, Statistics Canada). (2) Performed by Narrative Research, a third-party provider, with ~4,000 participants.

Management believes the following non-IFRS financial measures, ratios and supplementary information are relevant measures of the ability of Killam to earn revenue and to evaluate Killam's financial performance. Non-IFRS measures should not be construed as alternatives to net income or cash flow from operating activities determined in accordance with IFRS, as indicators of Killam's performance, or sustainability of Killam's distributions. These measures do not have standardized meanings under IFRS and therefore may not be comparable to similarly titled measures presented by other publicly traded organizations.

Non-IFRS Financial Measures

- Funds from operations (FFO) is a non-IFRS financial measure of operating performance widely used by the Canadian real estate industry based on the definition set forth by REALPAC. FFO, and applicable per unit amounts, are calculated by Killam as net income adjusted for fair value gains (losses), interest expense related to exchangeable units, gains (losses) on disposition, deferred tax expense (recovery), unrealized gains (losses) on derivative liability, internal commercial leasing costs, depreciation on an owner-occupied building, interest expense related to lease liabilities, and non-controlling interest. FFO is calculated in accordance with the REALPAC definition.
- Adjusted funds from operations (AFFO) is a non-IFRS financial measure of operating performance widely used by the Canadian real estate industry based on the definition set forth by REALPAC. AFFO, and applicable per unit amounts and payout ratios, are calculated by Killam as FFO less an allowance for maintenance capital expenditures ("capex") (a three-year rolling historical average capital investment to maintain and sustain Killam's properties), commercial leasing costs and straight-line commercial rents. AFFO is calculated in accordance with the REALPAC definition. Management considers AFFO an earnings metric.
- Adjusted earnings before interest, tax, depreciation and amortization ("adjusted EBITDA") is calculated by Killam as net income before fair value adjustments, gains (losses) on disposition, income taxes, interest, depreciation and amortization.
- Normalized adjusted EBITDA is calculated by Killam as adjusted EBITDA that has been normalized for a full year of stabilized earnings from recently completed acquisitions and developments, on a forward-looking basis.
- Net debt is a non-IFRS measure used by Management in the computation of debt to normalized adjusted EBITDA. Net debt is calculated as the sum of mortgages and loans payable, credit facilities and construction loans (total debt) reduced by the cash balances at the end of the period. The most directly comparable IFRS measure to net debt is debt.

• Non-IFRS Ratios

- Interest coverage is calculated by dividing adjusted EBITDA by mortgage, loan and construction loan interest and interest on credit facilities.
- Per unit calculations are calculated using the applicable non-IFRS financial measures noted above, i.e., FFO, AFFO and/or ACFO, divided by the basic or diluted number of units outstanding at the end of the relevant period.
- Payout ratios are calculated using the distribution rate for the period divided by the applicable per unit amount, i.e., AFFO and/or ACFO.
- Debt to normalized adjusted EBITDA is calculated by dividing net debt by normalized adjusted EBITDA.

Supplementary Financial Measures

- Same property NOI is a supplementary financial measure defined as NOI for stabilized properties that Killam has owned for equivalent periods in 2024 and 2023. Same property results represent 95% of the fair value of Killam's investment property portfolio as at September 30, 2024. Excluded from same property results in 2023 are acquisitions, dispositions and developments completed in 2023 and 2024, and non-stabilized commercial properties linked to development projects.
- Same property average rent is calculated by taking a weighted average of the total residential rent for the last month of the reporting period, divided by the relevant number of the units per region for stabilized properties that Killam has owned for equivalent periods in 2024 and 2023. For total residential rents, rents for occupied units are based on contracted rent, and rents for vacant units are based on estimated market rents if the units were occupied.

Capital Management Financial Measure

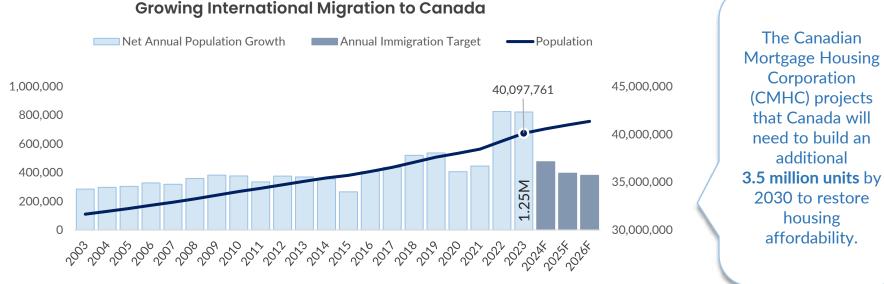

• Total debt as a percentage of total assets is a capital management financial measure and is calculated by dividing total debt by total assets, excluding right-of-use assets.

See the period ended September 30, 2024 Management's Discussion and Analysis for further details on these non-IFRS measures and, where applicable, reconciliations to the most directly comparable IFRS measure.

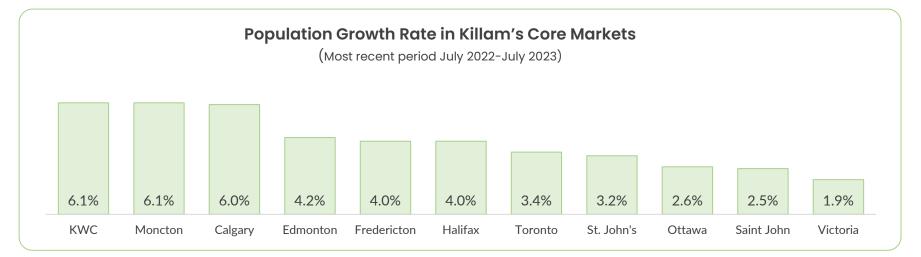

CANADIAN LANDSCAPE

Growing International Migration to Canada

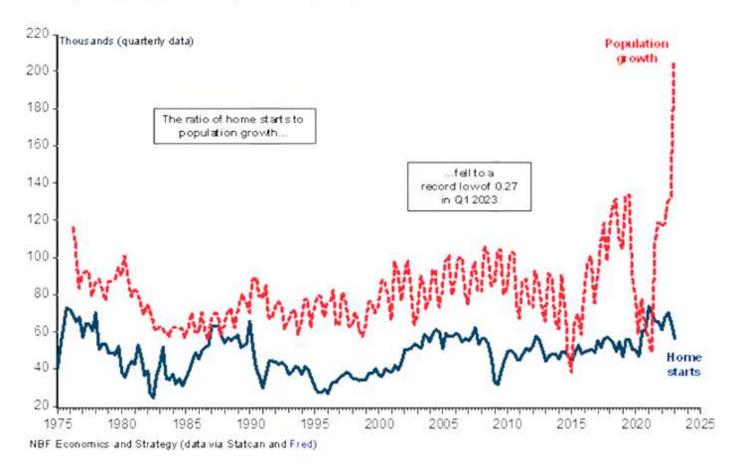

POPULATION GROWTH ACROSS CANADA

Canada's population increased by 1.15 million people in 2023, outpacing total home starts of 224,000 in 2023.

Canada: Homebuilders aren't keeping up with population growth

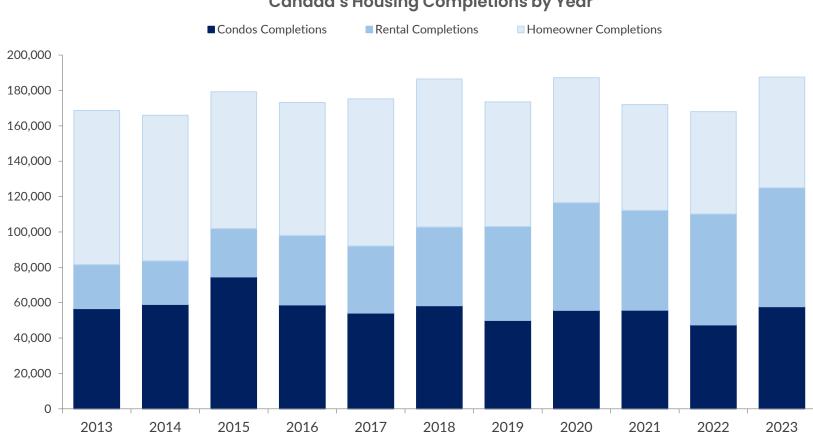

Quarterly change in population aged 15+vs. quarterly residential home starts

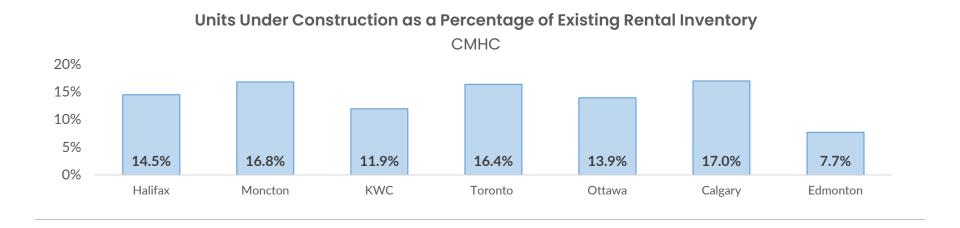

NATIONAL HOUSING COMPLETIONS

10-year average of **178,000** housing completions per year is not keeping pace with the 10-year average population growth of 420,000 per year.

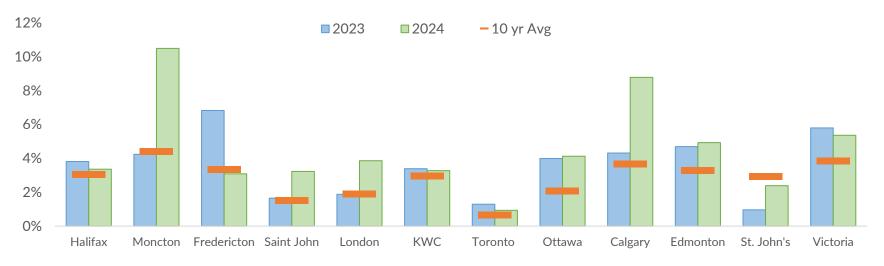

Canada's Housing Completions by Year

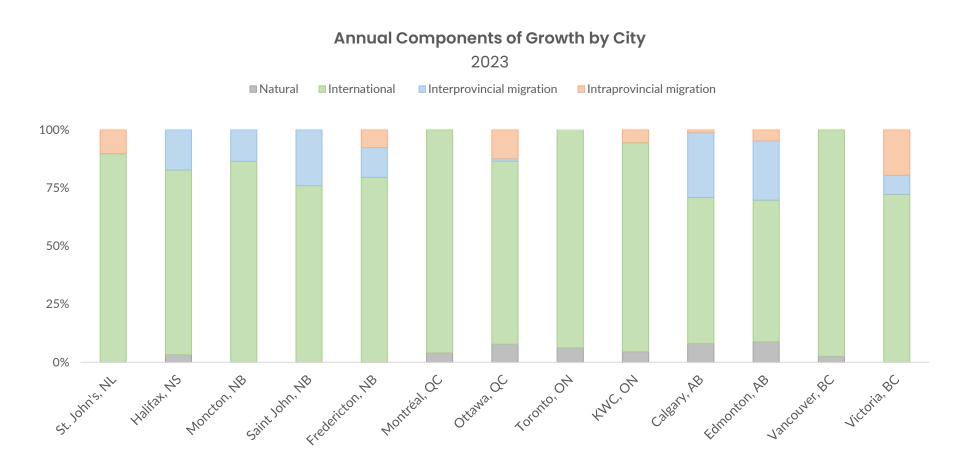

Apartment Completions as a Percentage of Existing Rental Inventory

CMHC

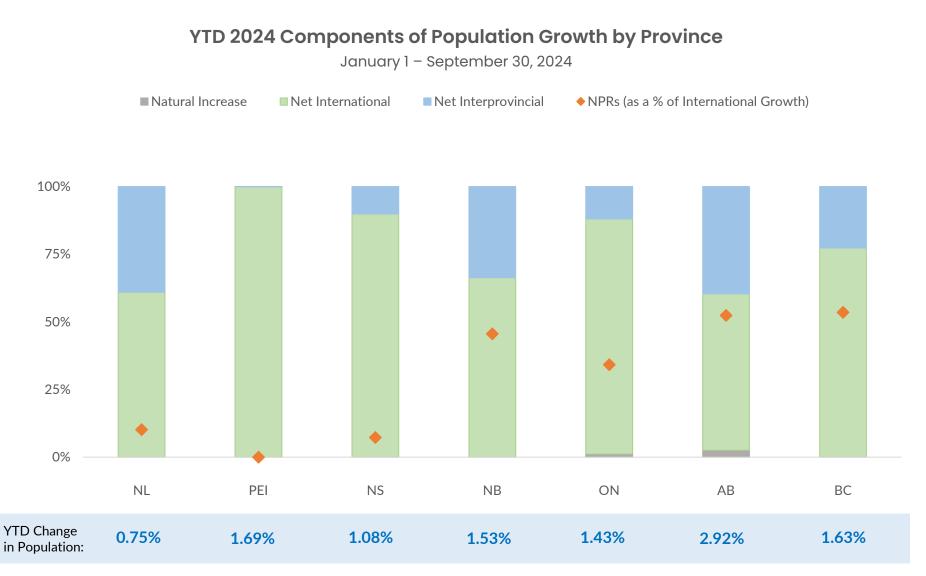

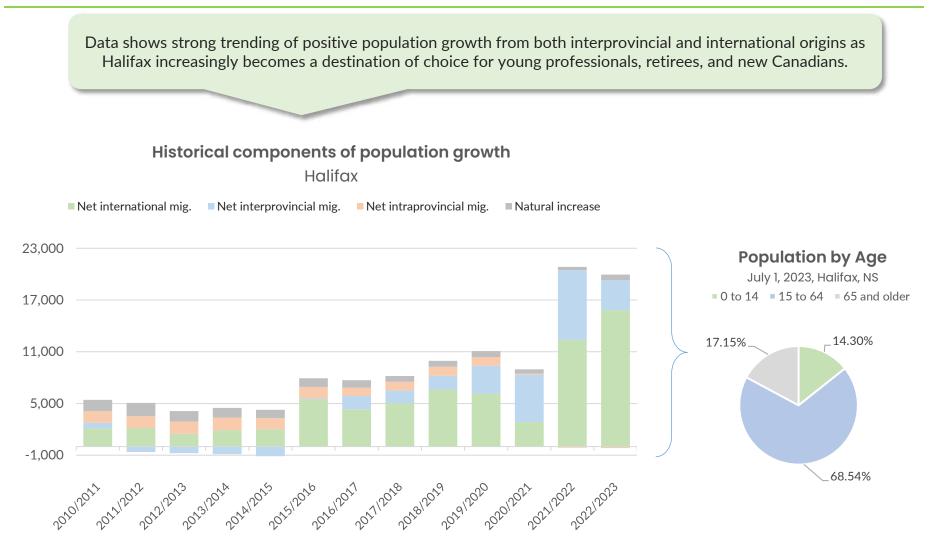

• In 2023, Halifax's population surpassed 500,000 residents and grew by 3.96%. • Vacancy remains at historic lows in Halifax as demand for housing outpaces new rental supply. **Halifax Population Growth Halifax Population Growth** Annual (July 1- June 30) 2022-2023 by Source 600,000 6.0% Population Growth % Population 3.3% (0.9)% 500,000 3.96% % Population Growth 400,000 Bobnlation 300,000 200,000 4.0% 17.4% **Total Growth** 19,780 2.0% 79.3% 518,711 100,000 0 0.0% Intraprovincial ■ Natural 2013 2014 2015 2016 2017 2018 2019 2020 2021 2022 2023 Interprovincial International

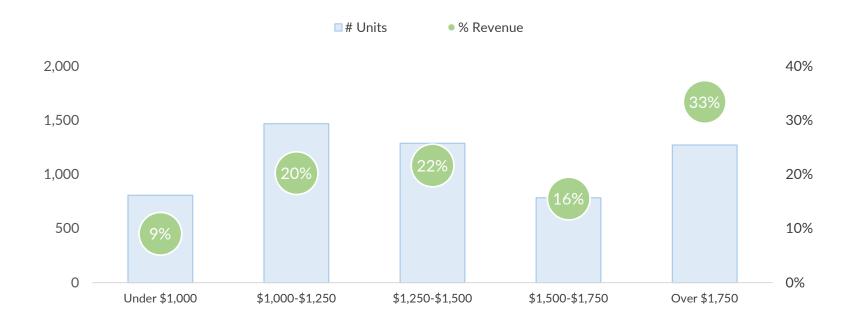

HALIFAX: COMPONENTS OF GROWTH

Killam's Halifax Portfolio Distribution by Monthly Rent Buckets

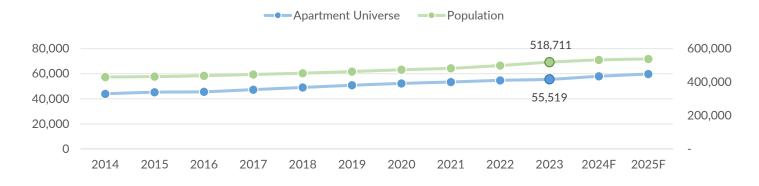

New supply has been absorbed by population growth from immigration, migration, and shift in apartment rental demand.

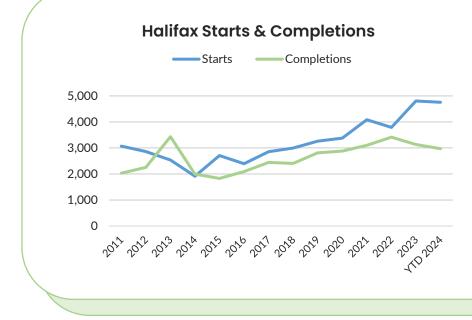

In 2024, vacancy ticked up from 1% to 2% for the first time in three years. As more supply comes online, demand for housing remains strong.

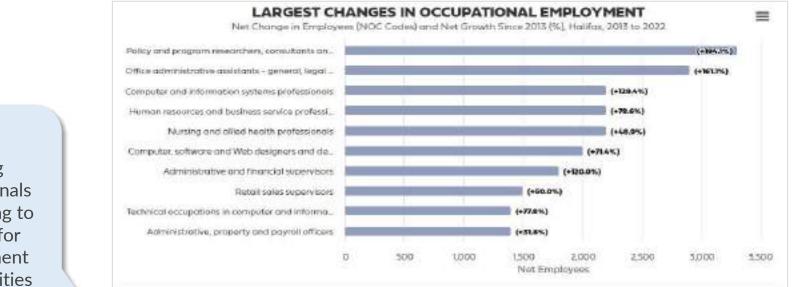

- There were 4,800 housing-unit starts in 2023, up 37.5% from 2022.
- The average home price in Halifax was \$550,605 in 2023, more than double the 2014 figure of \$275,283.

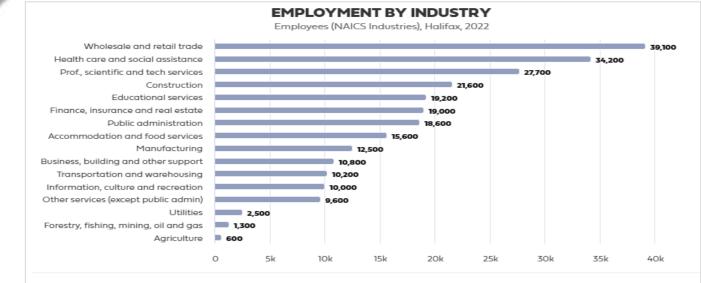

At present, there are not enough new units to stabilize the housing and rental markets.

NEW BRUNSWICK POPULATION GROWTH

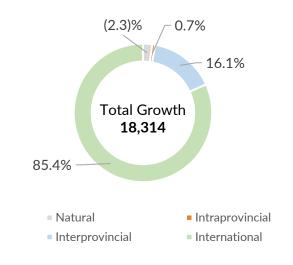

Killam APARTMENT REIT

Killam's core markets in New Brunswick include Moncton, Fredericton and Saint John. All three markets are home to universities with approximately 15,000 student enrolments combined in 2022. New Brunswick is also a major transportation and logistics hub for the movement of goods within Canada and to the United States.

Population Growth by Source

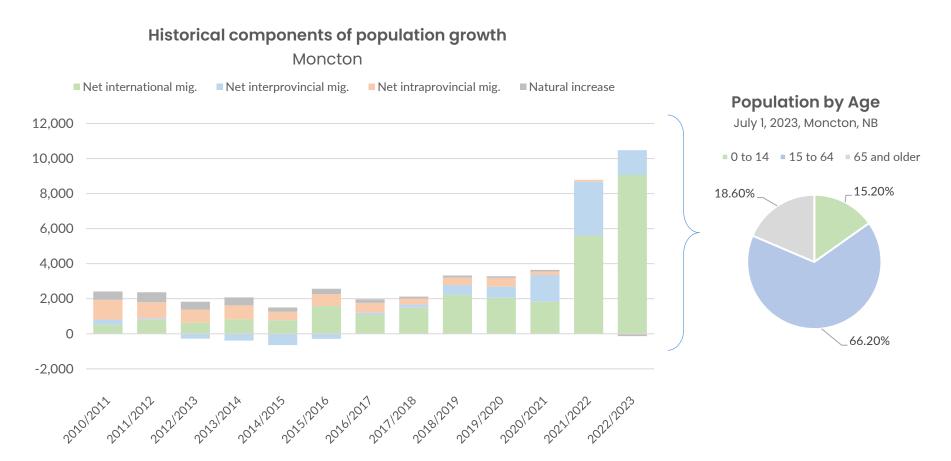

2022-23 Moncton, Saint John & Fredericton

MONCTON: COMPONENTS OF GROWTH

For the second consecutive year, Moncton had the highest growth rate among Canadian cities, growing at a rate of 6.1% in 2023 (5.3% in 2022).

Source: Statistic Canada

New supply has been absorbed by population growth from immigration, migration, and shift in apartment rental demand.

2,200 dwellings over the past decade, however the portion of multi-family units has increased from $\frac{1}{2}$ to $\frac{3}{4}$ of starts.

Vacancy increased from 1.5% to 2.0% in 2024. This level remains at historic lows across core New Brunswick markets as demand for housing outpaces new rental supply.
